

Trustee vacancies

We are looking to further strengthen our Board

The help we give to people helps them resolve their problems, providing life-changing outcomes. We also work hard both locally and nationally to use the knowledge we get from our clients to influence policy makers and legislation.

Do you want to join an organisation that:

- ◆ Is committed to valuing diversity and promoting equality?
- ◆ Wants to help the community and change things for the better?
- ◆ Wants to make sure everyone gets the advice and support they need?

If so:

- ◆ Do you have the appropriate skills and time?
- ◆ Want to get involved in running an influential and important charity?

We are currently looking to recruit:

- **A treasurer** with responsibility for advising the Board on the charity's finances and the supporting financial controls, and
- **Two additional trustees** with the necessary skills and who will enable the Board to become more diverse.

We are particularly keen to receive applications from women, people aged under 40, people from black and minority ethnic communities and disabled people; or those supporting these under-represented groups.

We are also keen to receive applications from people with a business background as we look to further develop the income generation opportunities for our charity.

You must be able to attend at least eight evening meetings a year, keep yourself briefed on the issues and think strategically. In return you will benefit by developing new skills, personal development, learning how our organisation works, and the satisfaction of giving something back to your community.

Further information on the work of Citizens Advice Exeter can be found at www.citizensadviceexeter.org.uk

The relevant Role Descriptions and an application form are available by emailing steve.barriball@citizensadviceexeter.org.uk or by calling **01392 208135**.
